

THE ULTIMATE MOBILE EATING SOLUTION

Eat With the Lid on! POP
TOP 

INCREASE SALES TO YOUR MOBILE CONSUMERS WITH BETTER ON-THE-GO PACKAGING

9 out of 10 consumers agree that **Pop Top Bowls** are better for mobile eating¹

- **Contains at least 50% Post-Consumer Recycled Resin**

Pop Top bowls are embossed with a 50% Post-Consumer Recycled Resin message to help you show your customers how your operation is helping to **reduce landfill waste**.

- **Easier to eat while standing up**

Pop Top bowls make it easier for customers to eat while standing at **bus or train stops**, which makes transient consumers more likely to purchase your meals over competitor meals.

- **Saves 50% more table space**

Pop Top bowls help to keep your customers satisfied with double the space- making it **easier to multi-task** with laptops and tablets in places with small trays, such as planes and trains.

- **Keeps Food Safe**

Pop Top bowls reduce customer concerns about having to place lids onto surfaces that may not have been cleaned properly. Pop Top **lids stay on while dining**.

SATISFY MORE CUSTOMERS IN TRANSIT WITH A BETTER MOBILE DINING EXPERIENCE

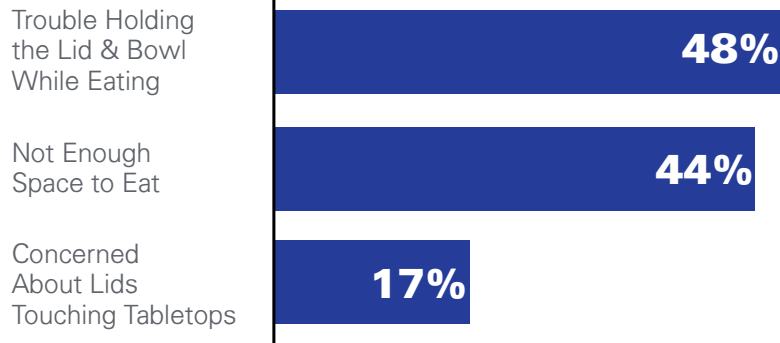

Improve Your Mobile Customer's Satisfaction

Consumers have challenges eating in small spaces and standing up while dining at bus stops, train stops and airport terminals.

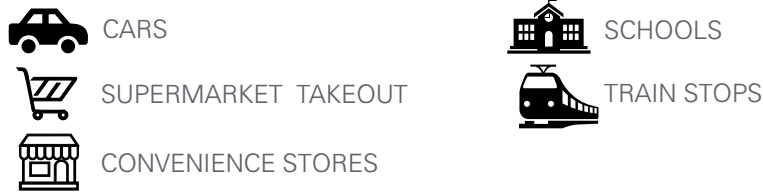

Pop Top bowls can increase your mobile consumer sales by making it easier for them to dine in transit. Operators who use **Pop Top bowls** for their meals may benefit from new loyal mobile guests who travel the same path to work or school everyday.

Consumer Mobile Eating Challenges¹

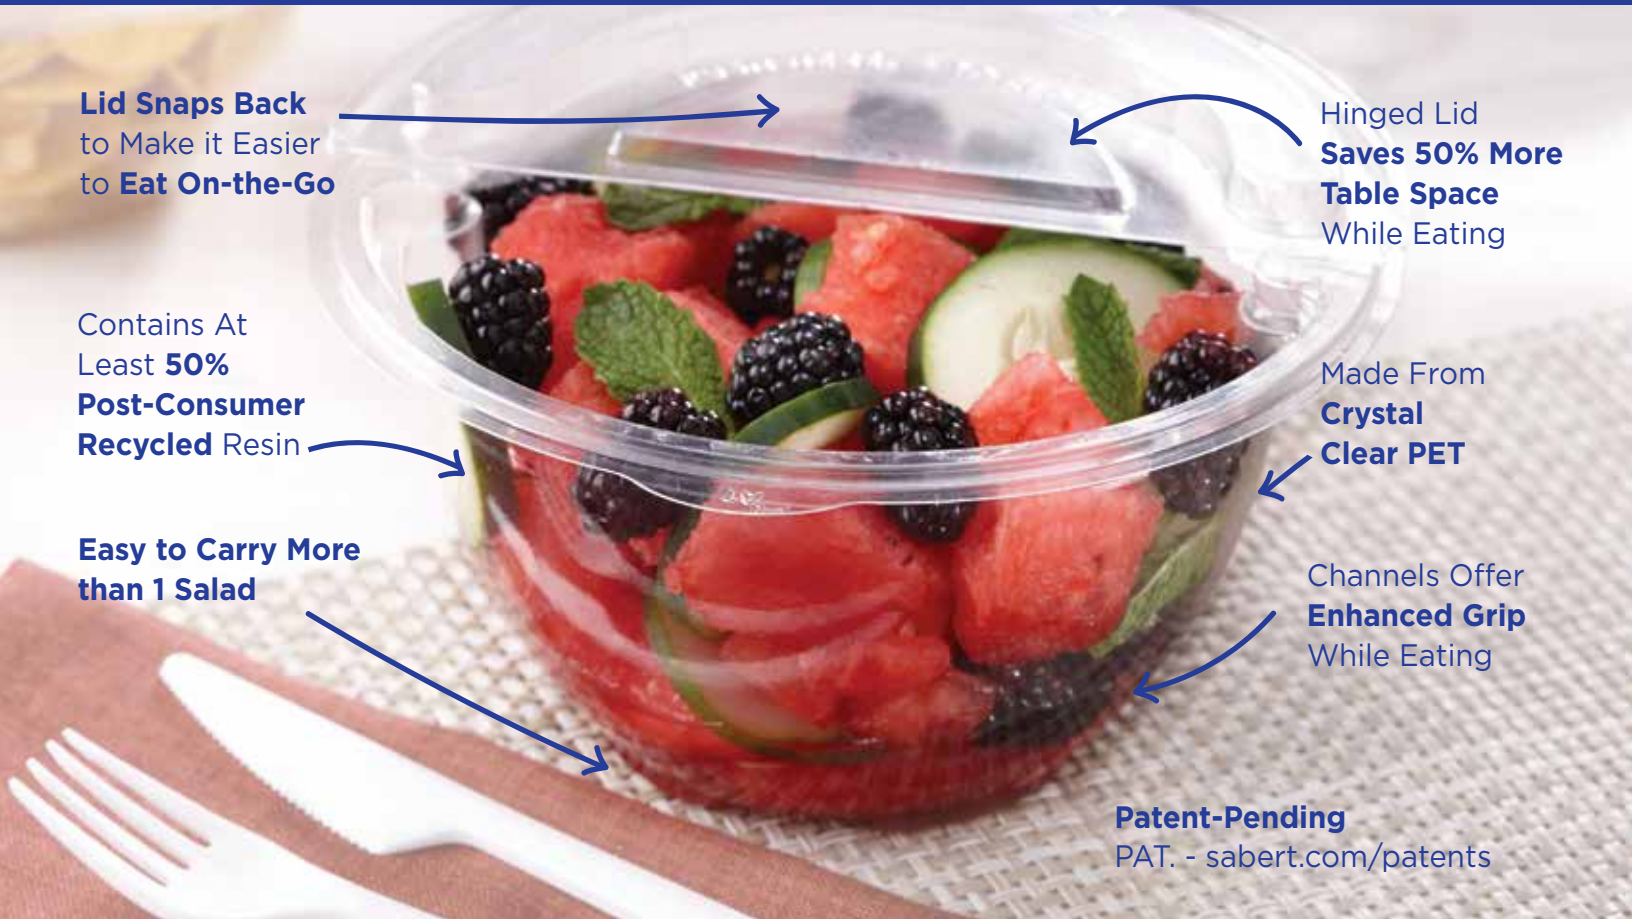

Top 5 Locations Consumers Eat Salads On-the-Go 3 or More Times Per Week¹
