## ADJUSTABLE ASSORTMENTS

Sabert's new polypropylene container features an adjustable insert that locks into place to create multiple compartmental options.

This modular container has three insert locations so it can be adjusted to the appropriate portion size for the menu item. This container has the ability to have up to three compartments which eliminates the need for multiple container sizes. The base, lid and insert are all microwave safe which allows for fast and easy reheating. This container is ideal for delivery as it helps maintain food integrity by keeping foods separated.
