SERVE A SLICE

Designed to fit a triangle slice of pizza, Sabert's new Kraft Pizza Clamshell is ideal for slices up to 8". The clamshell's design allows operators to add on premium ingredients and toppings for customized and specialty slices. With strong lid fit, specialty slices are protected during transportation, without sacrificing food quality and appearance. Constructed to hold a single slice, the Pizza Clamshell is ideal for food courts, concessions and operators looking to add on single slices to their menus. Made with naturally grease resistant paper, the clamshells help keep consumers grease-free while eating.
